## WELCOME

Dear Students:

I am glad to extend to you a cordial welcome and to tell you how pleased we are that you have chosen Young Harris College as your Alma Mater. A school which has long been renowned for its spirit of friendliness, Young Harris has a rich heritage to offer you: culture, refinement, and academic accomplishment. I hope that those of you who are returning and those of you who are matriculating for the first time will find college life both a happy and a worthwhile experience.

This handbook is designed to furnish you information which will be helpful. I hope it will answer many of your questions and guide you in this experience in group living.

Through the academic program and co-curricular activities here on campus you will find opportunities to stimulate individual initiative and creative thinking, to develop leadership and high social standards, and to acquire spiritual growth and intellectual ability.

Many opportunities await you here among the memory-filled halls with their eighty-two years of tradition. I urge you to broaden your horizons by using your college years to develop your interests and abilities, to establish life-long friendships, to contribute your talents to the campus community, and to acquire those amenities which will enrich your life after college.

Please feel free to call upon me if I may help you in any way.
